

News from Mrs. Siedjak

Wisconsin Forward Exam

The Wisconsin Forward Exam will begin next week for your child and continues through April. I would like to remind everyone to be sure your child is getting enough sleep and is eating breakfast. Fourth grade has many exams and it takes a lot of energy to complete all of them. Also, please send in a snack daily with your child. The exams include language arts, mathematics, science and social studies. Some questions are multiple choice while others require a short written response. Also, you can get examples of the exams by going on our Stocker Bookmark page. Just choose the button that says "Forward Exam Practice." While on the Stocker Bookmark page, please don't forget to have your child practice skills by using one of the many applications that are available. Remember Moby Max Math and Reading are great resources along with IXL and many others. Please take some time to talk with your child about doing their best on the exams. Thanks for the extra help you give your child.

Math

We just started working on area and perimeter in math. If you have time, when you see your child working on an assignment, please look over their work and have them explain what they are working on. Also, any words of encouragement go a long way!

"Wednesday Envelopes"

As you know, your child brings home completed work on many Wednesdays during the school year. Please be sure to sign, empty and return the envelope the next day!
