

News from Mrs. Siedjak

Books, Books, Books!

If you have any children's books that you would like to donate, please send them to school. For the past few years, Mrs Walls has been organizing a book give away at the end of the school year. The hope is to put a few books into each child's hands, so they have their own reading materials during the summer. Then the books can be returned or kept the following school year. So, please check your book shelves and consider donating. One more thing, Mrs. Walls said we especially need picture books. That being said, we accept books for our very youngest readers to our more mature ones. Thanks in advance for helping us out!

Milwaukee Art Museum

In the very near future, we will be sending home a permission slip for your child to attend the Milwaukee Art Museum on Tuesday, May 16 th. All the fourth grade classrooms will be visiting the museum for free due to a grant that was obtained by Mrs. Montgomery. Stay tuned for more information!

Math

We are venturing into a new unit of study this week in math. Our focus will be on generating and analyzing number and shape patterns, completing "What's My Rule" tables, and also recognizing and drawing lines of symmetry. Please look over your child's homework and ask him or her to explain what we are working on. Any extra practice at home is always helpful!
